About Creating Connections Education Employment Pathways (CEEP)

CEEP funding supports young people who are homeless or at risk of homelessness to develop and sustain pathways into education, employment and training (EET). Brokerage funds assist young people to purchase uniforms, books and materials, tools, education fees, work clothes, computers, public transport and other education and employment related expenses.

Funding packages of up to \$1200 are available per calendar year to eligible young people.

Eligibility

CEEP can only be accessed by young people who are:

- 15-25 years old
- Reside in, or have links to the eastern metropolitan region
- Homeless or at risk of homelessness
- Experiencing difficulties in accessing or sustaining education or employment

Applying for CEEP funding

If the young person has a worker able to support the CEEP application:

- Applications are to be completed by the worker in consideration of *Funding Caps* and emailed to CEEP@harrison.org.au
- Applications close on the 10th day of each month and are reviewed by the CEEP Panel
- Workers are notified of the outcome of their application by the end of each month

In submitting a CEEP application the worker agrees to:

- Nominate themselves as the key contact on behalf of the young person
- Be responsible for ensuring the brokerage funding is spent according to the approved application
- Within one month of approval, the worker must purchase the agreed items and forward the approval email, purchase order, receipts and invoice to UnitingCare Harrison finance@harrison.org.au for reimbursement
- Complete and return the *CEEP Feedback* form to the CEEP administrator three months after approval
- Ensure the young person is supported to continue with their pathway into EET

If the young person doesn't have a worker able to support the CEEP application:

Please contact the CEEP administrator to discuss the education and employment, housing and support needs of the young person. Assessment and allocation of a worker for support will be prioritised based on worker capacity, program eligibility, funding availability and support needs.
